

Online screenings technical specifications

For the online screenings of the "**10th International Documentary Festival & Awards**" and of the "**4nd International Film Festival of Crete & Awards**", we use **Sproutvideo platform** which gives us the ability to screen the films only through our website from which the access to them will be available after the registration of each user. More specifically:

1. The digital material will not be searchable in search engines.
2. There will not be any link for sharing with other users.
3. The access will be possible only through the Festivals' website and only after the registration of each user (relating instructions below). The registration will be free of charge using your e-mail and your full name. If you have already registered from last year, you can use the same account or you can retrieve your password in case you don't remember it.
4. The films will be available for online screenings from Sunday August 6th until Friday August 25th .

User's Registration Insructions

The online screenings will be available only for the registered users of our website www.festivalierapetra.gr

The users' registration is a simple procedure which is described in the following steps:

1. Click the link "Registration" in the website's menu.

2. Fill the mandatory fields and click Register.
3. In order for the activation of your profile, check your e-mail and click the confirmation link you have received.
4. Once you have signed in, an option will appear in the menu option from which you will be able to watch all our online screenings.
